The Experience

Band Bio:

In 2001, Ryan along with quite a few Fellow Pickers in Statesboro, Ga, devised a Band, and named it "Kapo" as an acronym for the slogan: "Keep A Positive Outlook". Christian based was the Goal, aiming for people in need of Positivity. As time grew, the foundations of this group remained, sharing a Love for music with a Southern Rock Feel. Peaceably able to change members, the previous years are proven promising for the longevity of the Band. With a heartbreaking loss of longtime Kapo member to suicide in 2014, Kapo vowed to fulfill the vision of the founders, and push the acronym message. With his Celtic Cross Design still backing the Kapo Logo, Merchandise of all sorts are available at these great performances. In 2015, Caleb Hudgens joined as Vocalist and Bass Guitarist, forming the Band currently known as "Kapo". Caleb has pushed the band to new levels, Proving a Level of Confidence Undeniable in Performances. In 2019, Steven joined as a Vocalist and Percussionist, giving Kapo the catapult needed for the Future with a Seasoned Craft of Expertise. Creativity and Hard Work pave the way for Kapo to Guarantee Fans a Safe, Adult Night Out, with a Positive and Genuine Love for Music styles from Classic Rock, Alternative, Southern Rock and Blues. Only the best venues will host a band of this Level and Originality.
