Faith Head is an alternative metal band whose focus is a Christian worldview of apologetics and other modern issues. Unlike their contemporaries Faith Head does not hide behind a selective use of pronouns to mask the biblical perspective of the lyrics nor use graphic and provocative imagery in a marketing attempt to attract listeners. Faith Head's job is to praise the name of Jesus Christ through song and word and His job is to draw listeners to Him.

John 12:32 And I, if I am lifted up from the earth, will draw all men to Myself."

Faith Head is defined by the Urban Dictionary as "someone who holds irrational religious fundamentalist beliefs and no matter what evidence is provided to the contrary will never change" or basically the 21st century version of "Jesus Freak" We claim that moniker in the name of Jesus to show to the world that belief in Jesus Christ and the Bible is very much rational and beneficial. In the words of Dr. Ravi Zacharias "God has put enough into the world to make faith in Him a most reasonable thing, and He has left enough out to make it impossible to live by sheer reason or observation alone."

2 Corinthians 5:7 For we walk by faith, not by sight

With growing darkness in the world and the ever changing moral landscape, Faith Head's position to contrary worldviews is that of love and understanding. We know from Genesis 3 that the world is already condemned and from Revelation to be sentenced on a forthcoming, unknown judgment day. Faith Head will rebuke sin but we will not stand as judge and jury for all have fallen short of perfection except for one man alone: Jesus Christ.

John 3:17 For God sent not his Son into the world to condemn the world; but that the world through him might be saved.

We hope you enjoy the inspired music God has given us to share with the world.

Faith Head consists of four spiritual minded individuals who live for Christ first and foremost in their lives. Focused on a single goal: lift God up with their own inspired and unique brand of music.

After a couple of years following a series of disbanded groups, PFunk was listening to an apologist on the radio and heard these fateful words. "The world thinks we're all just a bunch of faith heads!" Later that evening after going the Urban Dictionary and some Google Searches, the Holy Spirit starting speaking to him. After sharing His vision for Faith Head and many months of prayers and patiently waiting, God finally moved all the pieces together for these individuals to become one functional musical unit.

After many months of prayer and waiting on God's perfect timing, the initial members came together Novmeber 2015. Jason Beavers – Vocals – Born in Dalton Georgia, Jason played and sang in church most of his life. He started playing shows in 1994 with Praizing Hymn, then as guitarist for Masters Machine in 1996-1998. Jason formed Amplified Chaos in 1998 before joining Faith Head in November 2015.

Patrick "PFunk" Shipley – Bass – Growing up in church this prodigal son ventured to the limits of God's amazing grace and mercy. After coming back to the fold and the suicide of a fellow band mate, PFunk swore that he would dedicate his life to using his talents to the Lord exclusively. After many years of waiting and then eventually investing in to other people's music ministries and the disbanding of Burning Alter and Covered Scars, PFunk prayed for direction and vision for a new band if it was His will.

After listening to an apologist on the radio while driving between two cities, the inspiration for Faith Head was born in the Fall of 2014.

Gabriel Gardner - Drums - joined Faith Head the Summer of 2016. Having previously played with PFunk and co-writing several songs him in the past, when the drummers spot became vacant, PFunk reached out to Gabriel for the position. After an audition and several jam sessions, Gabriel accepted. His entry in to Faith Head came in to the band at a crucial time of transition and development in the music and of the ministry.

Donny Raines and PFunk had played together on-and-off over the years but things had never lined up until 2016 where they could merge musical flavors.

Keeping a steady communication over the years PFunk picked up the phone and called Donny and introduced him to the music. After two weeks of practice, Donny learned the entire set. Following the show, Donny made the full time plunge in to the world of Faith Head.

Jacob Folk - Christian Molten Metal Reviews

“The group’s no-nonsense approach works not just lyrically but musically as well, particularly when at the top of its game. Albums first seven songs find the group putting its choice songwriting skills on full display as examples of hard rock mixed with modern and groove overtones ... What truly impresses - and leaves this reviewer avidly awaiting the Faith Head follow up release - is how the group is not a one dimensional ministry act but also every bit much accomplished musicians, which allows said ministry side to stand out that much further.”
