The member line up consists of John Kramer on bass, David Whisenant on drums and Patrick Johnston on vocals, piano, and guitar.

It is the mission and collaborative desire of the members of **Grace Lane** to use the talents given to us by God to bring His positive message to a lost and dying world and to be a light and positive example to all not only as a band but also as individuals. It is also the desire of the band to be a source of encouragement and support for other musicians and bands working to fulfill the call of the Father in their own ministries. The members offer prayer with and for anyone requesting and outreach to the hurting offering understanding and encouragement to overcome the frustrations that can be experienced in the ministry field and daily life.

The musical style of **Grace Lane** has been compared to popular bands such as Casting Crowns, Cold Play and The Fray. The band members put a unique spin in their songs with arrangements using an array of tempo variations, effects, alternative chords and the use of technology. Each member brings years of experience playing and performing not only together but with other well-known musicians.

Matthew 5:14-16...

"Ye are the light of the world. A city that is set on an hill cannot be hid. Neither do men light a candle, and put it under a bushel, but on a candlestick; and it giveth light unto all that are in the house. Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven."
