

**CHATTANOOGA'S  
NEWEST  
BIG BAND**

**BRINGS YOU  
THE SOUNDS OF  
THE 60S & 70S**

**The Scenic City Lab Band began in early 2017 as a group of Lakeview-Ft Oglethorpe H.S. Stage Band alumni. The SCLB now has members from very diverse backgrounds – rock, jazz, classical, the church. The focus is the music of the 1960s and 1970s.**

**From Chuck Mangione to Chicago, from Steely Dan to Sly Stone, from Weather Report to Edgar Winter, from Herbie Hancock Herb Alpert, the Scenic City Lab Band will get audiences moving to the groove.**

**The Scenic City Lab Band is a 20 piece big band, but in smaller venues we can put a 10-12 piece band on stage. If available, we can utilize any small house PA system for the few songs with a vocalist and select soloists. Nine chairs for our saxophone and trombone sections would be appreciated, but not required. We provide our own music stands.**

**As a brand new band, we're willing to work with you in order to meet your budgetary restraints.**

**You can reach the bandleader,  
Phil Campbell at 423-255-2865**
