

# STREET PERFORMANCE GUIDELINES

- **Perform in public places**, such as sidewalks, pedestrian bridges, and parks between 9:00 a.m. and 10:00 p.m.
- **Maintain your space**. When on a sidewalk or other pedestrian right-of-way, provide a minimum of five (5) feet of pedestrian passageway.
- **Play well with others**. Maintain one hundred and fifty (150) feet of distance between you and another street performer. Street performance places are first-come, first-available. No performer has a right to a specific public space over another performer.
- **Receive donations**. An open receptacle, such as a guitar case, hat, or box, indicates an ask for voluntary donations. Aggressively and vocally requesting donation or payment is not permitted. Selling records, tapes, or other merchandise is not permitted.
- **Be considerate**. Work with business owners, law enforcement, and others to understand how their activities may be affected by your presence.
- **Noise-sensitive areas**. Do not perform within 150 feet of a school, library, hospital, funeral home, or church while in session. Abide by noise ordinance regulations.
- **Public events**. Do not perform in public places where a community event is being held or on private property without the written consent of the event organizer or private property owner.
- **Substance abuse not permitted**. Do not perform while under the influence.
- **Leave no trace**. Remove any trash, props, or other materials upon completion of your performance.
